## Notes:

1. All fees are in US dollars. Fees exclude disbursements including government filing fees and VAT (unless specifically included), courier fees, messenger service fees, translation fees, miscellaneous expense fee of 5% of the base fee (to cover phone calls, faxes, photocopies, etc.), and similar out-of-pocket expenses applicable to each case.
2. Fees are quoted on the basis of the most common temporary work and residence authorization categories utilized, which enable foreign nationals legally to reside and engage in work-related activities in each destination country. Fragomen and its local service partners, where applicable, retain sole discretion to determine the eligibility of each applicant for such categories based upon the facts and circumstances of the individual case. Where issues arise, which require deviation from the standard visa and immigration application process, immigration requirements and corresponding fees may vary. Factors of variance and/or complexity include, but are not limited to, medical, de-facto spouse, character clearance, criminal record, security clearance, same sex partner, custody order, non-simultaneous filing of accompanying family members by reference either to date or location, non-favored nationality, subcontractor relationship of applicant to sponsoring entity, and absence of registered employing entity or employing entity whose corporate structure fails to support requisite immigration application sponsorship.
3. The fees quoted above do not include coordination or preparation of personal documents, which services are charged as out-of-scope service items. In some countries, there are significant requirements with respect to obtaining personal/family documentation (e.g., birth/marriage certificates, apostilles, consular legalizations, certified translations). These ancillary services are charged at the following rates:
  - a) Obtaining family certificates, police certificates or other documents issued in the USA, and/or authentication (apostille/legalization) for such documents issued in the USA. One or more of the following steps may be involved in the process depending on the type of document: 1) obtain original document from issuing government authority; 2) arrange for the County Clerk's certification of the Issuer's/Notary's signature; 3) arrange for an Apostille or arrange for legalization by the Consulate. Fee per step: \$150 (per document).
  - b-1) Obtaining family certificates, police certificates or other documents and/or authentication (apostille/legalization) thereof, for documents issued outside the USA, in those countries where Fragomen has its own office. One or more of the following steps may be involved in the process depending on the type of document: 1) obtain original document from issuing government authority; 2) arrange for the local certification of the Issuer's/Notary's signature; 3) arrange for an Apostille or arrange for legalization by the Consulate. Fee per step: \$150 to \$300 (per document).
  - b-2) Obtaining family certificates, police certificates or other documents issued outside the USA, and/or authentication (apostille/legalization) thereof, in those countries where Fragomen does not maintain its own office: \$250 to \$500 per document, plus disbursements and third-party fees (if any).
  - c) Fee for obtaining a US FBI good conduct certificate: \$250.
4. The fees quoted above do not include preparation/assembly of visa application materials, in-person filing of work permit/visa applications, or accompaniment of employee or family members to consular post offices for filing of visa/work permit applications. When desired and appropriate for the jurisdiction, Fragomen will prepare complete application materials and arrange for direct filing of the application as an out-of-scope service, at the following rates:
  - a) Filing of visa application/appearance at a consular post on behalf of an employee: \$500 to \$1000, depending upon case complexity, plus disbursements and third-party fees (if any).
  - b) When a personal appearance by the applicant(s) is required by the consular post, or the applicant elects to submit his/her application without accompaniment by Fragomen, one-half of the above fees will apply.
5. Advice and Consultation: Fees for assessment of complex fact scenarios, and provision of written or telephonic advice and consultation with regard to technical rules and regulations, immigration compliance and business risk containment strategies will be charged at a rate pre-agreed with the client, starting at \$350.
6. Fees may vary from those quoted in the above where:
  - a) A change occurs in the identity of third-party vendor with which Fragomen cooperates, leading to an underlying change in subcontractor costs.
  - b) A change occurs in the law, regulations or applicable procedure of the jurisdiction in question.
7. Cases initiated and subsequently cancelled will be invoiced based upon the amount of work completed at the time of cancellation.
